DE KLUMPU BALO ECO TRADI STAY

Sustainability and Responsible Tourism Efforts

OUR SHARED RESPONSIBILITY

A couple, a man and a woman, are standing on a wooden balcony or deck. They are both wearing traditional Balinese clothing, specifically batik dresses. The woman is on the left, looking towards the man on the right. They are both smiling and appear to be enjoying the view. The balcony has a wooden railing. In the background, there is a lush tropical landscape with green rice paddies, various tropical plants, and several tall palm trees. A traditional Balinese house with a thatched roof is visible on the right side of the image. The sky is overcast with soft, diffused light. The overall atmosphere is peaceful and serene.

Welcome to De Klumpu Bali Eco Tradi Stay

De Klumpu Bali Eco Tradi, nestled amidst serene rice paddies in Bali, offers a peaceful eco-retreat. In here we have commitment to build eco friendly accommodation.

"Living in Harmony with Nature and Culture"

Eco-Friendly Architecture

- Built using traditional Balinese designs and natural materials such as bamboo, wood, and thatch.
- Blends seamlessly with the surrounding environment to preserve the beauty of the landscape.
- Low-impact construction techniques minimize environmental disruption.

Empowering Local Communities

80% staffed by members of
the local community,
providing stable employment
and skill development.

Empowering Local Communities

- Partnership with local artisans, local school, and local guide to do activities of traditional crafts for guest at De Klumpu Bali Eco Tradi Stay
- Contribution to local cultural events and ceremonies to keep traditions alive.

Organic Gardens

- Dedicated organic garden providing fresh, pesticide-free ingredients for our kitchen.
- Guests are encouraged to visit and learn about sustainable farming practices.
- Zero-waste gardening initiatives ensure the use of natural compost and eco-friendly pest control.

Composting and Waste Management

- Onsite compost holes turn organic waste into nutrient-rich compost for the garden.
- Comprehensive waste segregation: recycling bins placed throughout the property.
- Ban on single-use plastics; reusable and biodegradable alternatives provided. We're stop using plastic straw and make banana leaf as alternative for wrapping food.
- Using Eco Friendly Toiletries

Guest Involvement in Sustainability

- Eco-friendly tours and workshops on Balinese culture and environmental practices.
- Sustainable dining options with locally sourced, seasonal ingredients.

Giving Back to the Community

- Regular contributions to community projects, including health programs and infrastructure development.
- Support for local village and schools through donations and eco-awareness workshops.
- Provide training in eco-tourism, ex : free French Course Class.
- Organizing cultural exchange programs where guests can participate in traditional village activities such as dance, gamelan music, and craft-making.

Awards and Recognitions

- Undisan Tourism Village were awarded from the Ministry of Tourism and Economy Creative of Indonesia in 2022, in 3rd place of Advanced Tourism Village from all over the Indonesia.
- Positive feedback from guests for immersive eco-friendly experiences.

Holiday | Family

(Translated by Google) Our experience at Klumpu Bali Eco Tradi Stay was truly unforgettable. As a family with a 9-year-old child, we enjoyed the serene environment and the authentic Balinese atmosphere. The traditional villas are beautiful and offer all the modern comforts you need. The view of the rice fields and Gunung Agung was breathtaking and provided a soothing backdrop to our stay. Our son had a lot of fun in the outdoor pool, while we enjoyed the delicious local dishes in the restaurant. There is nothing else in the area. The prices are reasonable. The rooms were comfortable and well equipped, with en suite bathrooms and free WiFi, which was very useful for the iPad. The friendly staff made us feel right at home and were always ready to help.

For families looking for a peaceful and authentic Balinese experience, Klumpu Bali Eco Tradi Stay is an excellent choice. It offers a perfect balance between traditional charm and modern luxury, which made our stay truly special.

(Original)

Onze ervaring bij Klumpu Bali Eco Tradi Stay was werkelijk onvergetelijk. Als gezin met een kind van 9 jaar hebben we genoten van de serene omgeving en de authentieke Balinese sfeer. De traditionele villa's zijn prachtig en bieden alle moderne gemakken die je nodig hebt.

Het uitzicht op de rijstvelden en de Gunung Agung was adembenemend en zorgde voor een rustgevende achtergrond tijdens ons verblijf. Onze zoon had veel lol in het buitenzwembad, terwijl wij genoten van de heerlijke lokale gerechten in het restaurant. Er is in de omgeving ook niets anders. De prijzen zijn redelijk.

De kamers waren comfortabel en goed uitgerust, met een eigen badkamer en gratis WiFi, wat erg handig was voor de iPad. Het vriendelijke personeel zorgde ervoor dat we ons meteen thuis voelden en stond altijd klaar om te helpen.

Voor gezinnen die op zoek zijn naar een rustige en authentieke Balinese ervaring, is Klumpu Bali Eco Tradi Stay een uitstekende keuze. Het biedt een perfecte balans tussen traditionele charme en moderne luxe, waardoor ons verblijf echt bijzonder was.

Holiday | Solo

(Translated by Google) Very refreshing place.

A real little natural setting conducive to calm and serenity.

The cabin, on stilts, offers a very nice view of a rice field as well as the nature all around.

Very comfortable, it consists of a large bathroom, a small lounge area, a mezzanine bedroom and large bay windows allowing you to admire the view night and day.

The team is friendly and caring.

Warm welcome with welcome drink and free foot massage.

Breakfast is plentiful and can be taken on the bedroom terrace.

The massage room and treatments are perfect.

A beautiful view of nature, tea, a Balinese massage, paradise.

(Original)

Endroit très ressourçant.

Un véritable petit écrin de nature propice au calme et à la sérénité.

La cabane, sur pilotis, offre une très jolie vue sur une rizière ainsi que la nature toute autour.

Très confortable, elle se compose d'une grande salle de bain, un petit coins salon, une chambre en mezzanine et de larges baies vitrées permettant d'admirer la vue nuit et jour.

L'équipe est conviviale et au petits soins.

Accueil chaleureux avec verre de bienvenue et massage des pieds offert.

Le petit déjeuner est copieux et peut être pris sur la terrasse de la chambre.

La salle de massage et les soins sont parfaits.

Une très belle vue sur la nature, un thé, un massage balinaï, le paradis.

Future Initiatives

SWIMMING POOL

- Plans to implement eco-friendly technologies for the swimming pool, such as natural filtration systems and energy-efficient pumps.
- Use of minimal chemicals to maintain water quality while ensuring environmental safety.

RENEWABLE ENERGY INITIATIVES

- Exploring alternative energy sources to further reduce our carbon footprint.
- Water conservation measures, including rainwater harvesting and low-flow fixtures.

UPCYCLING

- Upcycling waste materials from the property into usable items such as furniture, décor, or construction material.
